AfriGIS: GIS Internship Latest Opportunities (2025 / 2026)

Description

AfriGIS is offering a dynamic GIS Internship opportunity for individuals passionate about geographic information systems and data analysis. This internship provides a hands-on learning experience within a leading geospatial technology company, allowing interns to develop practical skills and contribute to real-world projects.

Responsibilities

- Collaborate with experienced GIS professionals on mapping and spatial analysis projects.
- Assist in data collection, processing, and analysis using GIS software.
- Support the development and maintenance of geospatial databases.
- Contribute to the creation of maps, visualizations, and reports based on spatial data.
- Assist in quality assurance processes to ensure accuracy and reliability of GIS information.
- Learn and apply industry-standard GIS techniques and methodologies.
- Participate in team meetings, sharing insights, and contributing ideas for improvement.
- Embrace learning opportunities to enhance GIS knowledge and skills.

Qualifications

- Currently pursuing or recent graduate with a degree in Geography, GIS, Geomatics, Environmental Science, or related fields.
- Familiarity with GIS software such as ArcGIS, QGIS, or similar platforms.
- Basic understanding of spatial data concepts and mapping principles.
- Strong analytical skills and attention to detail.
- Eagerness to learn and adapt in a fast-paced environment.
- Excellent communication and teamwork abilities.
- Passion for geospatial technology and its applications across industries.

Job Benefits

- Valuable hands-on experience in the field of GIS within a reputable company.
- Mentorship from experienced professionals in the geospatial industry.
- Exposure to diverse projects and cutting-edge GIS technologies.
- Opportunity to build a professional network in the geospatial community.
- Potential for growth and career development based on performance.

Contacts

- **Prepare Your Documents:** Update your resume/CV and gather any additional documents required (such as a cover letter, academic transcripts, or letters of recommendation).
