City Power Internships (2025 / 2026) Apply Here

Description

City Power offers a comprehensive internship program designed for students eager to gain practical experience and contribute to the energy sector. Interns will have the opportunity to work alongside professionals, gaining insights into various facets of the utility industry while actively participating in meaningful projects.

Responsibilities

- Support various departments within City Power, aiding in day-to-day operations.
- Assist in data collection, analysis, and reporting to support decision-making processes.
- Collaborate with teams on projects related to energy distribution, maintenance, or customer service.
- Engage in research activities to explore innovations and improvements in the energy sector.
- Participate in training sessions and workshops to enhance industry-specific skills.
- Contribute fresh perspectives and ideas to ongoing projects and initiatives.

Qualifications

- Currently pursuing a degree in Engineering, Business Administration, Finance, or a related field.
- Strong analytical skills and a passion for the energy/utilities sector.
- Excellent communication and teamwork abilities.
- Proficiency in Microsoft Office Suite.
- Proactive attitude and willingness to learn.

Job Benefits

- Practical Experience: Gain hands-on exposure to the utility industry's operations.
- Mentorship: Work alongside experienced professionals and receive guidance.
- Networking: Connect with diverse teams and expand professional networks.
- Skill Development: Enhance industry-specific skills through real-world projects.
- Contribution: Contribute to the city's energy sector and community development.
- Potential Growth: Opportunity for future career prospects within City Power.
