Description

Macsteel invites driven and passionate individuals to participate in our Internship Program. These programs are designed to offer hands-on experience, mentorship, and exposure to different facets of the steel industry, providing a solid foundation for career development.

Responsibilities

- Engage in departmental or project-specific tasks under the guidance of experienced professionals.
- Collaborate with teams to contribute innovative ideas and assist in ongoing projects.
- Participate in training sessions, workshops, and learning opportunities aligned with the internship focus.
- Complete assigned tasks within specified deadlines and adhere to company policies and standards.

Qualifications

- Current enrollment in or recent graduation from a relevant academic program (requirements may vary by internship).
- Strong communication, teamwork, and problem-solving skills.
- Adaptability and eagerness to learn in a dynamic industry setting.
- Proficiency in relevant computer applications (depending on the internship focus).
- Specific requirements may differ based on the internship field or department.

Job Benefits

- Gain valuable practical experience in the steel industry.
- Exposure to diverse projects and operations within Macsteel.
- Mentorship and guidance from industry experts.
- Networking opportunities and potential for career advancement.
- Potential stipend or remuneration as per internship guidelines.

Contacts

Interested candidates meeting the specified criteria for each internship opportunity are encouraged to review details and application instructions available on the Macsteel website’s Careers section or contact the Human Resources department for further information.

Join Macsteel’s Internship Program and embark on a rewarding journey to gain industry-specific experience and shape your career in the steel manufacturing and distribution sector.
